Emergency Response Planning

If you **FAIL** to plan

you **PLAN** to fail

Emergency Response Planning

Challenges of Emergency Response Planning

1. Motivate peers to invest energy into planning for something invisible
2. Few would understand the chaos and confusion during emergencies

Encouraging signs from Industry

1. Awareness of Workplace Health and Safety at High Level here
2. Industry taking effort to conscientiously review Emergency Plans

Emergency Response Planning

Heightened Security Climate

- 1.No one can write themselves off from any possible incidents
- 2.Necessary to be prepared

Emergency Response Planning

Through Planning:

1. Become aware of resources available
2. Understand key considerations during emergencies
3. Equip all with the knowledge to act
